

A very Hungry Caterpillar and.....a very Beautiful Butterfly

This project is based on the Eric Carle's book "A very hungry caterpillar".

We will read and work through the story at the same time. We will use Twinspace for a comparison in English language.

We will create activities (drawing, music, role play, a puppet theatre etc) about the story and share our activities with each other.

We will learn about new English vocabulary: food, days of the week, butterfly life cycle (making flashcards, memory games, picture dictionary)

We are going to know the most popular butterflies in our countries. We will present them (Big book of European butterflies).

We will organize an art competition "Butterflies in folk patterns".

As a summary all activities we will organize "The Butterfly Day" - a fancy dress party connected with an exhibition.

AIMS

1. Reading a story -Eric Carle "A very hungry caterpillar"
2. Developing our student's creativity after reading.
3. Practicing English in real and traditional situations.
4. Making new friends around Europe.
5. Working in groups.
6. Learning how to use the Internet.

WORK PROCESS

1. Familiarity with partners (beginning of March)
2. Reading a story in English (March)
3. Fun activities (March- April)
4. Competition "Butterfly in folk patterns" (April)
5. A Butterfly Day (May)

EXPECTED RESULTS

1. Students will improve their English and they meet new people.
2. Students will have new informations about different countries (partner countries).
3. Create an ebook "Butterfies in folk patterns" and exhibitions.
4. Organize "A Butterfly Day".
